

To Whom It May Concern;

AS a LONG TERM UNITED STATES REGISTERED VOTER, I was extremely appalled upon the discovery of "Sinclair Broadcasting's" attempt to sway potential voters in this years Presidential Election by using their own Broadcasting Stations to attempt to disway voter's from voting against our current President.

WHO I vote for should be completely decided by myself using ONLY LEGAL means in which the President of the United States and any and all, of his Running Mates are given as decided many years ago by The Constitution of the United States, and by the LEGAL usage of the television and radio broadcasting opportunities provided them to make their point as to why, they should get our votes. This should NOT be at the control of PRIVATE OWNERS of Broadcasting Networks, or Radio Networks.

I, myself, DO PLAN, to find out which Broadcasting Networks in my area are owned by Sinclair Broadcasting, and I WILL BOYCOT those stations on Friday night, when Sinclair Broadcasting attempts to "take over" the airwaves by showing UNTRUTHFUL and FALSE ALLEGATIONS against Senator John Kerry in their attempt to sway my vote.

YOU, as the FCC, have the right and the DUTY, to stop privately owned Broadcasting stations from performing such ILLEGAL acts as Pre-Emptying Television shows in order to FORCE Americans to listen to their point of view! Especially at such an important time as during and right before our Countries most important election!

I STRONGLY urge you, The FCC, to STOP SINCLAIR BROADCASTING from performing such an indecency as they have planned, immediately prior to this years Presidential Election! I am also requesting that The FCC further dissallow this type of procedure from occurring in the future.

Thank You and Sincerely,  
Theresa Coleman  
REGISTERED REPUBLICAN
